Step 3

- ⓘ Flip the DVD player over onto it's front face.

- ● Remove the back panel by lifting up and pulling it towards yourself.

Step 4 — Front Panel

- ⓘ Flip the DVD player so its top is sitting on your working surface.

- ● Lift and push away each of the two tabs located in the middle of the player.

- ⚠ The front panel will not come off during this step, so do not force it.

Step 5

(i) Flip the DVD player on its side.

● Lift and slide forward a single tab on the side.

⚠️ The front panel will not come off during this step, so do not force it.

Step 6

● Grasp the front panel and pull forward and to your right to remove.

To reassemble your device, follow these instructions in reverse order.
