# Toshiba Satellite P50W-C Battery Replacement

This guide will show you how to replace the battery of the Toshiba Satellite P50W-C.

Written By: Lawrence Lozada
INTRODUCTION

The battery is the main source of the device. Be sure to unplug the device from any power source before attempting to remove the battery.

🔧 TOOLS:

- JIS #1 (1)
- Heavy-Duty Spudger (1)
- Tweezers (1)

Step 1 — Back Cover

⚠️ Turn the laptop off, unplug the AC adapter, and any other auxiliary components.

● Turn over the laptop and proceed to take out the seven 5mm silver JIS #1 head screws. If some of the screws are difficult to take out use the tweezers to help.
Step 2

● Use the screwdriver to take out the three 5mm black JIS #1 head screws that are located on the hinge.

Step 3

- Use the spudger to pry under the back cover until it pops off.

Step 4 — Battery

- Unscrew the four 5 mm JIS #1 head screws holding the battery to the device and gently remove the battery.
