# Toshiba Satellite P55t-A5116 Back Casing Replacement

Prerequisite Only

Written By: Brittany Castillo

INTRODUCTION
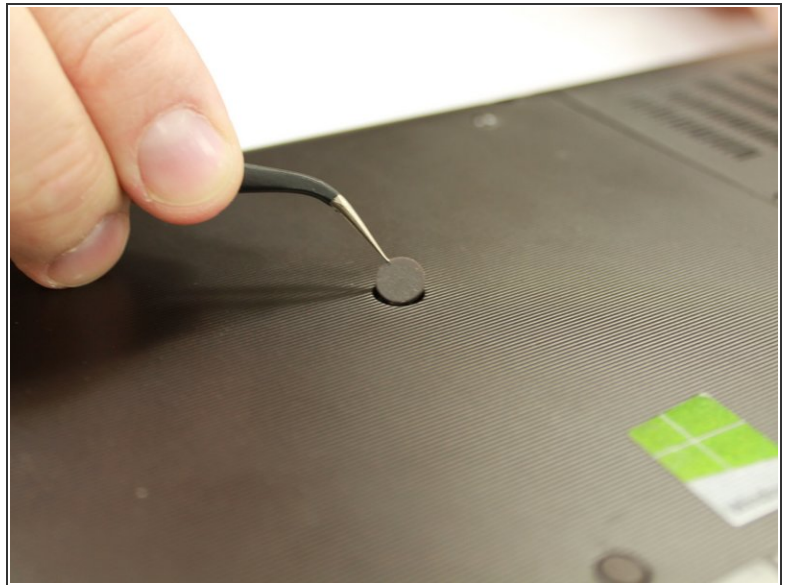

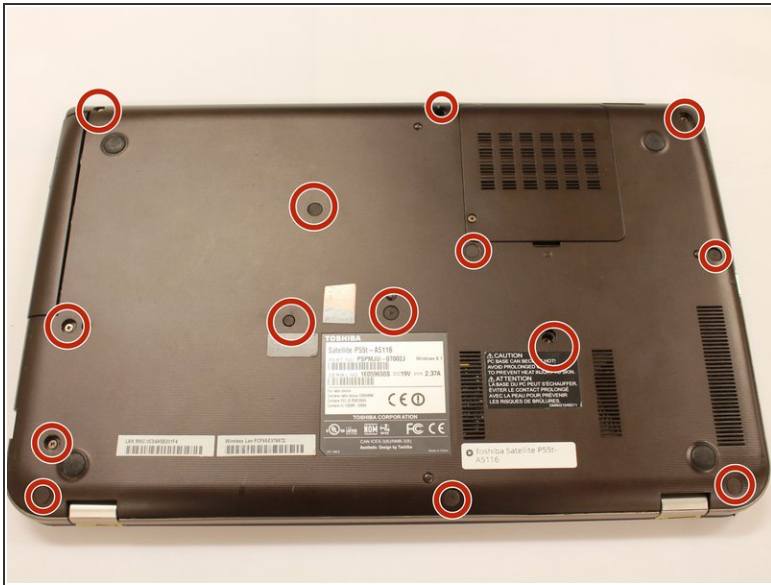

Use this guide to remove the Toshiba Satellite P55t-A5116 back casing.

🔧 TOOLS:

- Tweezers (1)
- iFixit Opening Tools (1)
- Phillips #00 Screwdriver (1)

Step 1 — Back Casing

- Close laptop and turn it upside down

- Remove the 14 circular rubber covers with tweezers along with one smaller more cylindrical rubber cover.

Step 2

- Using the #PH0 screw head, remove 14 (5.7 mm) screws from the back casing.

Step 3

- Gently pry off the bottom case with the plastic opening tools.

- Find the seam between the back case and the rest of the laptop casing.

To reassemble your device, follow these instructions in reverse order.
