

# Toshiba Satellite S55t-C5225 Battery Replacement

This guide will help the reader replace the battery of the Toshiba Satellite S55t-C5225.

Written By: Ali Mortada

## INTRODUCTION

If your Toshiba S55t-C5225 can no longer hold a charge, it most likely has a dead battery and will require a battery replacement. A working battery provides power to your laptop.

Make sure to turn off your device before starting the battery replacement guide.

### **TOOLS:**

- [iFixit Opening Tools \(1\)](#)
- [Phillips #0 Screwdriver \(1\)](#)

## Step 1 — Battery

⚠ Shut down the computer and disconnect all cables

- Flip the computer over so the bottom is facing up.

## Step 2

- Remove the two 7.0 mm Phillips #0 screws that hold the battery in place.

## Step 3

- Carefully remove the battery by wedging a plastic opening tool in-between the battery and back cover.

To reassemble your device, follow these instructions in reverse order.
