INTRODUCTION

The slide adjustment lets you fit the headphones to the size that is most comfortable. To replace slide adjustment follow this guide.

TOOLS:

- [iFixit Opening Tools](#) (1)
- [T3 Torx Screwdriver](#) (1)

Step 1 — Slide Adjustment

- Remove the two 1.10 mm screws using the a T3 screwdriver.

Step 2

- Insert the plastic opening tool into the gap between the fabric and the plastic.
- Make sure you have a firm grip, use the plastic opening tool to pry the two plastic pieces apart.

! *Be careful not to crack or brake the plastic pieces.*

- You should have two plastic pieces removed at the end. Replace them with new ones and reassemble.

To reassemble your device, follow these instructions in reverse order.
