

Vulcan Venture II VNB11602IE Back Panel Replacement

This guide will provide the information needed to replace the Back Panel of the Vulcan Venture II.

Written By: Joseph Mulry

TOOLS:

- [Essential Electronics Toolkit](#) (1)
-

Step 1 — Back Panel

- Flip the Laptop on its back and find the lining of the back panel.

Step 2

- Use the iFixit plastic opening tool to put in between the lining of the back panel and begin to pry open the panel.

Step 3

- With the iFixit opening tool go all the way around the back panel until the back is detached.

To reassemble your device, follow these instructions in reverse order.
