

ZTE Blade E Motherboard Replacement

This guide will show you how to remove and replace the motherboard of your phone.

Written By: Lilia Johnson

 **TOOLS:**

- [Spudger \(1\)](#)
- [Tweezers \(1\)](#)
- [Phillips #00 Screwdriver \(1\)](#)

Step 1 — Motherboard

- Using a spudger, remove the back panel of the phone.

Step 2

- Remove the battery and SD card from the phone.

Step 3

- Remove the five 4mm Philips #00 screws, circled in red, holding the the back down.

Step 4

- Remove the back piece, exposing the motherboard.

Step 5

- Flip up the three small tan clips holding the ribbons in place.

Step 6

- Gently slide each of the three ribbons out of the motherboard.

Step 7

- Slide the motherboard off of the ribbons detaching it from the front of the phone.

To reassemble your device, follow these instructions in reverse order.
