

# ZTE Jasper LTE Memory Card Replacement

This is how to replace the memory card in a ZTE Jasper LTE.

Written By: Anthony Sou

## INTRODUCTION

This guide shows you how to replace the memory card for the ZTE Jasper LTE phone. You might need to replace the memory card if the storage on the SD card is full, or if you are wanting to replace the memory card with a another memory card that can have more storage on it.

### TOOLS:

- **Spudger** (1)

## Step 1 — Battery

- Insert the spudger into the bottom left corner of the phone.
- Use the spudger to loosen the back cover.

## Step 2

- Insert the black spudger near the bottom left of the battery. There will be an opening to easily remove the battery.
- Continuing to use tool, prop up the battery and remove it.

## Step 3 — Memory Card

- Remove memory card and replace with new one.

To reassemble your device, follow these instructions in reverse order.
