## INTRODUCTION

In this guide you will learn the step by step process of how to replace the batteries on an iGrill device.

### **TOOLS:**

- Fingers (1)

### **PARTS:**

- AA Battery (4)

## Step 1 — Battery

- The back cover is accessible on the device by placing the screen in contact with a flat surface. Remove the back cover from the device.

## Step 2

- Remove all dead or lowly charged batteries from the device.

## Step 3

- Replace dead or poorly charged batteries with new AAs. After replacement of the batteries, put the back cover back on.

To reassemble your device, follow these instructions in reverse order.
