

# iHome iP21 Speaker Replacement

Replacing the speaker of the iP21 is a quick and easy process to extend the life of your product.

Written By: Brandy

 **TOOLS:**

- **Phillips #1 Screwdriver** (1)
- **Phillips #2 Screwdriver** (1)
- **Spudger** (1)

## Step 1 — Base

- Pry the four rubber feet from the bottom of the iP21 to expose four 11mm screws.
- Unscrew the four 11mm screws from the base.
- Pry the base loose using the spudger.
- Remove the base by hand.

## Step 2 — Housing

- Remove the two black 6mm screws connecting the main circuit board to the housing top.
- Grasp front housing and back housing firmly.
- Gently pull front housing from the back housing.

## Step 3 — Remove Speaker Assembly

- Remove two 9mm screws holding speaker assembly in iP21, using iFixit Phillips #2 bit

## Step 4 — Remove speaker from speaker assembly

- Lift speaker assembly
- Remove four 7mm screws to detach speaker from speaker assembly

To reassemble your device, follow these instructions in reverse order.
